Ministers to See Brazeau Dam

Two cabinet ministers will be in Drayton Valley on Friday, October 22nd for a first-hand view of the Brazeau Dam situation.

M.L.A. Rusty Zander of Tomahawk stated this week that William Yurko, Minister of Environment, and Allen Warrack, Minister of Lands and Forests, will meet concerned residents at the Drayton Valley Hotel at noon, prior to a visit to the dam.

It is understood that an unusual opportunity will be presented this winter to do something about trees standing in the flood area. It is reported that the North Saskatchewan River will be using most of its flow to fill the Big Horn reservoir, and during this time the Brazeau will have to be released to permit a continued flow in the North Saskatchewan channel.

During this time the Brazeau is expected to fall back into its predam channel through the flood area providing an opportunity to remove trees and logs that are now surrounded by water.

After discussions at the hotel the party will visit the dam and then fly over it for a air view.

In Edmontou last week, Mr. Yurko, announced government policy effecting Alberta's water resources:

"The Government of Alberta recognizes that it is in the public interest of Alberta to expend considerable effort and monies in the definition, conservation, management, and utilization of Alberta's water resources in the best interests of Alberta and Canada, and it shall continue to do so."

"Furthermore, the Alberta Government considers that when consideration of all uses of Alberta's fresh water resources are related to the present and future demands of its citizens that there are no surplus surface waters in Alberta."

"In addition, the Alberta Government considers that the present and future priority of water uses should be established on provincial and inter-provincial basis without influence by or from international considerations."

"Therefore, in recognition of the above considerations, by unanimous consent of the Cabinet, the Government of Alberta had placed a moratorium on the use of provincial government funds for use either in part or in total, for funding studies which involve the diversion of Alberta surface waters for export beyond the Canadian borders."

City Choir to Sing Here

Drayton Valley residents will be given the opportunity of hearing the well-known St. Timothy's Senior Choir of Edmonton.

The choir, about 18 in number, will sing at services in All Saints Church on Sunday, October 17th.

Weekend Talks Fail to Solve School Dispute

Negotiations between the North Central West School Authorities Association and striking teachers were carried on throughout the holiday weekend without settling the dispute.

Prior to the strike, that began at 12:01 a.m. on Friday, October 8th, both sides had indicated their determination not to give in.

Eight hundred and fifty teachers in eight school districts represented by N.C.(W.)S.A.A. are involved in the strike.

About 54 schools are affected including those in the counties of Parkland, Lac St. Anne and Barrhead, the Westlock School Division and the school districts of Jasper, Grande Cache, the separate schools in Drayton Valley and Thibault School at Mornville.

In the County of Parkland 277 teachers and nearly 6,000 students are effected.

The school boards point out the consultation clause in the working conditions section of a new contract as the primary stumbling block to reaching settlement. A.T.A. representatives claim other areas are equally important, including salary, supervision and administration allowances, payment for partial years of university training, and insurance.

The consultation clause put forward by teachers would require school boards to notify its teachers of any pending changes in policy which would effect their working conditions.

Teachers argue such a clause would give them a say in decision-making, but the boards will still be free to make a final decision.

But the boards maintain that the clause would merely be a first step in a complete takeover of education by teachers.

Robert Bailey, chairman of the NCWSAA and a representative of the County of Parkland on the association, told a news conference Thursday his association is absolutely determined not to yield on the consultation clause.

And the 850 teachers are just as determined, says Mr. D. J. Corse, the A.T.A. bargaining agent representing the teachers.

Teachers in seven of the eight districts involved have been without a new contract since their 1970 contract expired Aug. 31, 1970.

And teachers in the other district have been without a new contract since their 1970 contract expired Decemaber 13, 1970.

Teachers in all eight districts accepted a concilliation board award earlier this year which recommended inclusion of the clause. But all eight boards rejected the award. The teachers then took a strike vote in June, and approved strike action by a 90 per cent margin.

The concilliation board award recommended an eight per cent average salary increase for the teachers in the seven districts for four months in 1970 and for 1971, and a six per cent average salary increase for the teachers in the other district for 1971.

BURTONSVILLE NEWS

Vernon Osbak of the St. Francis area is working for the Tattersall boys this fall and plans to work for them this winter.

Mr. and Mrs. Albert Osbak of the St. Francis district visited Mrs. Osbak's mother, Mrs. E. Homme, this past week.

Maud DeLong of Edmonton spent the weekend with her sister Mrs. U. Weidemann.

Visitors at Adrean Charlet's on Sunday were Mr. and Mrs. E. Henkel and family of Edmonton; Mr. and Mrs. L. Ratke and family of Spruce Grove; Mr. and Mrs. Jim Bailey and Mr. and Mrs. C. Homme.

Mrs. Earl Jones of Calmar, a former resident of this area passed away October 7th. Sympathy is extended to her family.

Rev. J. Kennedy visited several patients in the Glenrose Hospital last week. He visited Ronnie Marshall, Verna Homme and Marie Hansen and found them all improved. He also visited Mrs. Nina Bianic.

D. V. Highlights

BY MRS. EDITH DEBY

CORRECTION -- Miss Donna Beckett married Mr. Kenneth Hopf, not Mr. Kenneth Hopfe, as reported last week in this column. Miss Linda Gusek will be the bride of Mr. Kenneth Hopfe later this month. To further straighten the record Mr. Hopfe is the son of Mrs. Francis Hopfe and the late Mr. Hopfe. Mr. Hopf is the son of Mrs. Cecil Morris and the grandson of the late Mr. and Mrs. Roy Thompson.

Mr. and Mrs. John Ostermiller were guests of the Art Munros over the long weekend. The Ostermillers celebrated their third wedding anniversary on Saturday. Mrs. Munro and Mrs. Ostermiller are sisters.

Reese Wolsey will leave on November 1st to begin a two-year church mission which will take him to France and Switzerland. After a week in Salt Lake, Reese will go to Provost, Utah for two months intensive drill on the French language. He will leave immediately after for Europe. Mrs. Wolsey would like it know that there will be "open house" at the family home on Saturday, October 23rd beginning at 2:00 p.m. to which Reese's friends are invited to say "good-bye"

Mr. and Mrs. George McMorris greatly enjoyed a holiday on Vancouver Island in September.

Mr. and Mrs. Ted Boodle, Teddy and Robbie, spent Thanksgiving weekend with Mrs. Look, Mr. Boodle's mother. At present the Boodles are in Hinton where Mr. Boodle is taking a refresher course in Forestry. When the Boodles travel a collection of pets go too. This trip there was a dog, a guinea pig and a beautiful tabby cat. The later is the offspring of a cat and a lynx.

Lloyd and Glenda Matlock are settled in Australia. Each has a job and we are eagerly awaiting their first impressions of the country. Won't it seem strange to our Canadians to have hot weather for Christmas?

Mr. Wayne Peterson spent the weekend bird hunting in Southern Alberta.

Mrs. Leslie Oscar is recuperating in the local hospital following surgery. Best wishes for an early and complete recovery, Mrs. Oscar.

Mrs. Edward Hines Jr. is back in hospital this time with an unruly appendix. The Hines family is being advised to reseve a room on a permanent basis. Truly they have had more than one families' share of illness lately.

Fail to Solve School Dispute

Cont. from Page 1

Then it recommended a further six per cent increase for all eight districts for 1972.

Mr. Corse said the teachers were far from happy with the award "but we went along with it."

Now, he says the eight boards want to reduce those recommended increases "by a couple of hundred dollars."

The boards claim teachers in their areas are already earning above average salaries in the respective communities. Teachers argue other professional groups are earning much more.

Mr. Corse says it is "utter nonsense" that the teachers would be demanding more and more say in board decisions if the consultation clause was adopted this year.

"There's just no foundation or justification for a statement like that," he says.

But Mr. Bailey says that the teacher request for consultation is merely a watered-down version of an earlier demand, that is, the right to determine their own working conditions.

"School boards believe that consultation with teachers is imperative if a school system is to function successfully and many have already set up communication or liason committees to ensure that consultation will take place," he said in a position statement Thursday.

"However," the statement continues, "it has become evident to school board negotiators that 'consultation' has a much deeper meaning to the ATA."

"What teachers really want is the right to determine their working conditions -- a right which would in tum give them the power to control almost every facet of the school system."

He says teachers now have channels of communication open to the boards "on any issue at any time."

But Mr. Corse says these channels are not good enough because the boards often make policy decisions before teachers discover such decisions were even being considered.

COUNTY OF PARKLAND

TEACHERS' STRIKE

Schools in the County of Parkland will be closed beginning Friday, October 8th as a result of strike action taken by the Parkland A.T.A. Local. The main issue between the trustees and teachers, according to Superintendent M. Holman, is the insistence of the A.T.A. to have a consultation clause included in the collective agreement. Working conditions and salaries appear less important in the dispute. There are few dollars separating the two parties. "The A.T.A. is attempting to destroy the effectiveness of regional bargaining, a recent addition to the School Act. The teachers have had professional bargainers acting on their behalf at the provincial level for years, while boards have been pitted against one another without the advantage of bargaining on a regional basis," according to Mr. Holman.

Two hundred and seventy-seven teachers and nearly six thousand students will be affected by the strike in the County of Parkland. Only the County students presently attending Evansburg High School, Devon School and St. Mathews will not be affected. Transportation will be arranged for students attending Evansburg High School and Devon. All official County announcements regarding the strike and eventual settlement will be made from the office of the Superintendent. Similarly, any questions concerning the strike in the County School system should be directed to the Superintendent's office.

SUB-MITS

FROM THE ELEMENTARY SCHOOL

On Wednesday of last week several of the Grade Three classes in our school went on a trip to visit the Hutterite colony at Warburg. This trip was taken to introduce a unit in Social Studies, comparing and contrasting another community with ours. The children left by bus at noon and retumed just before home time. The next day the children wrote about the trip and here are some of the comments of three children from Mrs. Sawchyn's room, without any corrections.

Wanda Shewfeld -- The night before we went to see the Hutterite Colony I was so exsided that it seemed like I was jumping up and down all over...I said goodnight and went to bed I dremt that we were at the Colony... We went in their school and I saw they had the same grade one book called M Little Red Story Book, I showed other kids in our class...Jenny patted a little girl on the head and she looked very very suprised at it. Then we went back to the bus and the children on the Colony waved by and so did we.

Lisa Foster -- I was so happy when we were on the bus. I thought it would be fun and it was but I got tierd. There are 85 people in the colony. They had 1200 geese and 1200 ducks... They have a room for school. There are grades one to eight in there and only one teacher. They have a bakery where they make all there bread and buns. It smell: nice. They have a kitchen where they cook. The parents eat first and then the children. They wore a kerchife because it is part of there religen and they use it to pray so they wore it all the time.

Maureen Johnson --In the wash house they showed us the washing machine and it was hand made. It had two barrels, one was open to show how much could fit in. The other was going, first it goes one way then it stops and goes another way so the clothes won't get tangeld...They showed us the new grain biulding, but it wasn't finished yet. It had a great enormes pile of barley in it. Then the showed us the school. The school was used for a church also. They had about 29 children in the school. At the back of the school there were some big benches that were used for when they go to church. There are grades 1 to 9 and they go till 6 to 15. Then they go and work with the other Hutterites. There is only one teacher for all the grades. The girls wear long dresses and white doted scarves. The boys wear trousers with braces.

An indication of what you might breathe in the "clear Alberta air" is shown by Edwin Ericksson in the photo above. Mr. Ericksson's cream colored car has been parked for the past three years under the trees on the family farm. Last week Edwin decided to re-activate the car and found a black model where he left his cream one. The small patch shows the cleaned area -- the rest of the car is coated with a black, gritty film.

Pre-School Classes Planned at Duffield

These will be held in the School Gymnasium on Wednesday and Friday mornings from 10:00 - 11:00 a.m. for children ages 2 - 5 years.

Creative Movement is a good way of indroducing children to the school atmosphere. Through Gymnastics, Dance and Games they learn to enjoy controlled movement, they learn too, socially how to get on with other children.

We hope that you will bring your child to the classes. Children are asked to wear clothes that they can tum upside down in. It is best if work is done barefooted, but runners will be allowed where necessary.

The first class is on Tuesday, October 12th. The instructor will be Mrs. Margaret Asquith, who is a fully trained Physical Education teacher. Further details can be obtained from her at 646-2549.

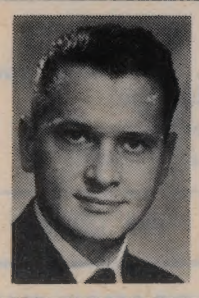
Report From Parliament Hill

By Allen Sulatycky, M.P.



Much has been said both inside the House of Commons and out, over the last few weeks, about the Government's Prairie Grain Income Stabilization Bill.

Various figures have been thrown back and forth by both critics and supporters and several questions of legality have been raised. To try to settle the confusion arising out of the Bill, the Prime Minister spoke about the subject on September 30th, in an interview that was heard over radio stations in Calgary, Regina, Winnipeg and Hamilton.

Is the Government breaking the law at present by withholding payments due to farmers under the Temporary Grain Reserves Act? Technically, yes. No one is more aware of this than Mr. Trudeau and he promised that the Government would not remain in default of the payments for very long. If the new legislation cannot be passed, it will be withdrawn and payments made under the old Act.

Many of the questions brought up by people opposed to the Bill however, are ones of legal niceties rather than justice. "What they don't understand," said the Prime Minister, "is that the Government is more interested in justice for the farmer, which we think means more money to the farmer."

If the new legislation is passed, how much more money would the farmer be getting?

Under the old Act, for the period ending last July, about $60 million would have been paid. For the same period, under the new Act, farmers would receive about $100 million. Opposition spokesmen have claimed it is unfair to compare $100 million to $60 million, because under the old system, by the end of the crop year, July 31, 1972, another $32 million would have to be paid. This would bring the total to $92 million, which would compare reasonably well with the $100 million figure.

This is very misleading, however, because for this same period, under the newer Act, the Goverment would actually be paying and additional estimated sum of $40. million.

With that in mind, one can draw a fair comparison of the two acts with regards to the amount of money distributed. At the end of the crop year ending next July, the Government would pay under the old system, $92 million and under the proposed system, $140 million.

An increase of total payments made is not the only improvement in the new legislation. The old Bill was based on the amount of grain stored while the new one is on an acreage basis, with a limit of 680 acres. This will definitely benefit the small farmer. Also, the new legislation puts emphasis on moving grain rather than storing it.

It is my hope, that the Opposition will soon stop blocking passage of this Bill and thus both improve the lot of prairie grain farmers, and allow Parliament to deal with the other important matters before it.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

In recent years, provincial governments have been condemned for plunging too much public money into unprofitable business ventures.

In fact, government subsidization of private enterprise frequently has proved to be a political game fraught with dangerous consequences.

During the last two years, administrations in Manitoba, Saskatchewan and Nova Scotia have been ousted from power following public controversies which erupted over a variety of industrial investments they had made.

The former Social Credit administration of Alberta was aware of the bad experiences other governments had endured in the creation of incentives to business men, and therefore was quite cautious in its aid programs.

The Conservative government of Peter Lougheed is being equally careful. During the election campaign, the Tories promised a $50 million industrial incentive program; now they are examining the situation before committing themselves.

Industry Minister Fred Peacock has announced a four-man task force of Conservative MLAs will investigate the problems of small business men in Alberta before the Alberta Incentives Plan is drafted.

In appointing Edmonton economist Les Young to head the committee, Mr. Peacock indicated the new government wants to create a stimulating climate for small business.

"The task force reflects the government's deep concern that there should be a sufficient balance in the Alberta economy to enable citizens to choose between the alternatives of self-employment or earning their living as salaried employees," the cabinet minister said.

The committee's planned review of existing federal and provincial aid schemes for business will include an evaluation of financing needs and sources.

"This review will include the potential of the (provincial) Treasury Branches as an expanding source of funds for small business," Mr. Peacock said.

Another aspect of the task force survey will be an examination of business training programs and marketing practices in Alberta. Tory criticism of the Socred government often centred on these two areas.

Mr. Peacock did not say when the task force will report to him, although it seems likely that legislative action will not be possible until fall, 1972, at the earliest.

Room for Negotiation In Teachers' Strike?

After a bombardment of press releases from the A.T.A. and the North Central Alberta School Authorities Association, there are still a number of fuzzy areas for anyone who hasn't carefully followed the trustees-teachers dispute as it built up over the past several months.

An important consideration in negotiations is the fact that for the first time school boards are in a position to bargain collectively, and on the same footing as the teachers, who previously enjoyed an edge with the support of some 22,000 members of the Alberta Teachers' Association.

The consultation clause has been singled out as a primary source of contention. If, as the boards maintain, this is an attempt by teachers to gain power and eventual control of the school system -- then the trustees' stand is right regardless of the length of the strike.

If, however, the teachers are concerned only with definite professional areas that can be spelled out precisely -- then there should be room for negotiation.

Any concession by the boards must clearly leave elected representatives in control of the system. To do otherwise would be a denial of democratic rights.

Alternative to County "No Shooting" Ban

The County of Parkland's decision to advertise its intention to pass a bylaw controlling the discharge of firearms was intended to determine public opinion before enacting the legislation. Reeve Les Miller, in a telephone conversation last week, noted that response was being received from throughout the county with support for both sides of the issue.

As stated last week, this paper recognizes the problems caused to rural residents by thoughtless people often incorrectly referred to as "hunters", and the County Council's desire to improve the situation.

In our opinion, present legislation is now capable of protecting the farm population, but often fails to do so because of the limited number of people available to enforce the law.

We believe the County Council could take a positive step to help remedy the problem by urging the provincial government to consider creation of a force of game guardians to operate during the hunting season to augment the work of Game Wardens who are thinly spread throughout the province. With necessary authority, such a part-time force could help enormously in policing and would likely be much more acceptable than a "no-shooting" ban.

Summary Regular Meeting Parkland County Council

Minutes of regular meeting of the council of the County of Parkland No. 31, held in the county office at Stony Plain, Alberta on Monday, September 27. Minutes as recorded by secretary and not yet officially adopted.

Members present were Reeve Leslie N. Miller, Councillors Robert A. Bailey, Peter Bakker, George Mann and Ivan Vowk.

Mr. Adolph Shep, County Fire Chief was present at the meeting to discuss Fire Department equipment requirements and other matters.

It was agreed that two M.S.A. Model 401 Demand Air Masks be purchased for the Lodgepole Fire Department.

It was agreed that Chief Shep be instructed to have the Provincial Fire Commissioners' Office personnel check the fire alarm system in the Seba Beach school.

Deputy-Reeve Rudolph Zander arrived at the meeting at this time.

The minutes of the last regular meeting, a copy of which was forwarded to each Councillor, were adopted.

Request for oiling of the road west of Section 4 and 9-53-3-5 was received from Mr. A. O'Hara of Duffield.

Councillor Mann to investigate and report.

Councillor Mann reported having investigated this request and recommended that this road be not oiled as the volume of traffic does not warrant this work. Report accepted.

HIRING OF CLERK

It was agreed that Mrs. Lovetta Kjorlien of Drayton Valley be hired as Clerk for the County Office in Drayton Valley with duties to commence on October 1st, 1971.

By-law No. 37-71 providing for the closing of the surveyed road through the centre of Section 36-53-7-5, as shown on Road Plan 6112, received first and second readings.

Letter dated September 10th from Strong, Lamb & Nelson Ltd. was read to Council requesting to enter into a Franchise Agreement on a proposed water line from the proposed main line from Edmonton to Winterburn Mobile Home Park on the NE 1-53-26-4.

It was agreed that the County not enter into such an agreement.

PAYMENT TO MEMBERS ON WATER BOARD

WHEREAS the County of Parkland No. 31 has entered into an Agreement with the Town of Stony Plain and the Town of Spruce Grove to establish the Parkland Water Board and has appointed members of Council to represent the County of Parkland No. 31 on the Parkland Water Board,

AND WHEREAS the Parkland Water Board has passed a resolution authorizing the payment of remuneration to Board Members.

BE IT RESOLVED that the Council of the County of Parkland No. 31 do hereby ratify and confirm the resolution of the Parkland Water Board which resolution authorizes payment of the sum of $15.00 to Board members for each Board meeting attended plus mileage at a rate of 12 cents per mile for those members having to travel to the meeting from outside the limits of the Town of Stony Plain.

Letter dated Sptember 22nd, 1971 from the Town of Stony Plain was read to Council requesting authorization to supply water to the Highways maintenance garage on the NE 1-53-1-5 from the Town' main supply line.

It was agreed that this authorization be granted.

Letter dated September 9th, 1971 from Northern Alberta 20 Fathomers was read to Council requesting to lease Lot R1, Block 1, Plan 70M.C., Hubbles Lake in the NW 9-53-1-5.

It was agreed that the Park Reserve be not leased.

Letter dated September 9th from Mr. E. Phibbs of RR #1, St. Albert was presented to Council requesting that an access road be contructed to the NE 2-54-1-5

It was agreed that this request be not considered as funds are not available.

Request received from Regional Recreation Department for payment of $55.50 for a bus chartered to transport Golden Age Club members to Edmonton on May 18th, 1971.

It was agreed that this request be referred back to the Regional Recreation Department as County Council was not previously requested to accept this expenditure

Letter dated September 24th from Associated Engineering Services Ltd. was read to Council advising that Mr. J. Schribar, the carpenter employed to construct the above noted building had contacted them and requested assistance in the proper planning of the buildings.

It was agreed that Councillors Bakker and Mann be appointed as a Committee to supervise construction of these buildings.

PUBLIC WORKS REPORTS AND RECOMMENDATIONS

Request For Ditching In the E½ 19 and SE 30-52-27-4 -- Upon inspection by the Public Works Manager and Area Foreman it was determined that ditching could not be carried out with a grader in the SE 1/4 9 as it is too soft. However, ditching could be done quite easily on the other two quarters without much cost to the owner. As this is private land, however, it was recommended that the County not become involved in this work.

Report and recommendation accepted.

Appointment Of Grader Operator -- It was recommended that Mr. Allan Buckler be appointed as operator of the grader now being operated by Mr. Norman Congo in Division 5, effective October 1st, 1971 on a 6 months trial basis.

Recommendation accepted.

Purchase of Dozer Blade and Attachments for Grader -- It was recommended that a dozer blade and attachments be purchased for a Champion motor grader in Division 7.

F.M.H.S. NEWS

The athletic activities at F.M.H.S. got underway during the last four weeks. The new intermural board has been installed under the leadership of Barry Swap. Besides the chairman, the board consists of House Presidents, and the Secretary, Donna Hook.

As their first activity they have tentatively planned a town-wide Scavenger Hunt for Thursday, October 14th. It is requested that the people of the town co-operate with the High School in this endeavor.

The Senior and Junior boys and girls Volleyball teams have been chosen and are training very hard.

This year the high school will continue to support their foster child, Carol Howe, in India.

The high school is holding its annual Hallowe'en Blitz Drive on October 28th. Please keep this in mind.

The entire staff and student body is looking forward with great anticipation to the day they move into the new high school.

The Sedan was about $200 less, but I think the Fastback looks better.
Front seats recline, rear seat folds down. Hmm. . .
Should have let them elope. For what this wedding is costing, I could have bought myself a Fastback.
Oh, my poor baby. . .
Easy, safe, fun to drive, and the gas mileage is great. Wish we'd bought the automatic, though.
When I grow up, I'm going to marry the Datsun dealer.

DATSUN is all you really need

At Datsun we build solid, reliable automobiles that meet every Canadian safety and pollution control requirement. But, because it's still nice to drive something you can love a little too, we make a choice of Datsun models . . . sedans, a fastback, a wagon, a pickup and even a GT sports car. Datsun is all the car (and all the cars) you really need.

Regular Meeting County Council

Cont. from Page 5

Chief Assessor, Kenneth R. King, has requested an extension of time to complete the annual assessments as it appears that the assessments cannot be completed by October 31st.

It was agreed that an extension of time to December 31st, 1971 be requested for completion of the 1971 annual assessments.

In view of the fact that the claim for disability insurance benefits for Mr. M. M. Bradley appears to have been unduly delayed, it was agreed to refer this matter to the County solicitors for the purpose of getting the claim processed at an early date.

DESIGNATION OF COUNTY AS A NO-SHOOTING AREA

It was agreed that notice be given of intention of Council to pass a By-law prohibiting the discharging of guns and other firearms throughout the whole of the County with certain exeptions to be designated in the by-law.

Mr. Cece Armstrong, Assistant Recreation Director was present at the meeting with respect to proposed recreational capital facilities development.

It was recommended that projects be approved for enlargement of the Easyford Community Hall, establishment of a skating rink on the Seba Beach School grounds and improvements to the Drayton Valley Ski Club facilities.

It was agreed to table this matter until the next meeting.

The agreement designed for use in cost-sharing of capital facilities was approved subject to change of clause 2 under County responsibility therefore the words "after commencement".

DELEGATION SEEKS COUNTY PARTICIPATION

A delegation from the Town of Drayton Valley consisting of the Mayor, Secretary-Treasurer and Engineer was present at the meeting and requested County participation in obtaining a water supply from the North Saskatchewan River. The delegation again requested that the County share the cost of arena operation deficits.

It was agreed that Council investigate the feasibility of entering into an agreement with the Town to consider carrying a percentage of the debenture borrowings on the water supply system provided that the Towns' water supply and sewage disposal facilities will be available to County residents in areas where this may be economically feasible.

Councillor Mann reported that the junction of Highways 16 and 57 is not properly signed and motorists that are unfamiliar with these Highways quite often have difficulty in recognizing the junction when travelling at night.

It was agreet to request the Department of Highways and Transport to place signs on Highways 16 indicating "Drayton Valley" well in advance of the junction.

CO-OP TRADE MEETINGS

Letter dated September 9th, 1971 from the Alberta Association of Municipal Districts and Counties was read to Council asking whether a Co-Op Trade Meeting should be scheduled to be held at the County Office some time in January or February of 1972.

It was agreed that a request be made for such a meeting.

The Police Department Report for the month of August, 1971 was received for information.

Letter dated September 7th, 1971 from the Executive Secretary of the Alberta Police Commission was read to Council requesting certain information pertaining to the organization and operation of the County Police Department.

It was agreed that this matter be received for information.

A delegation of four members of the Stony Plain Branch of the Royal Canadian Legion was present at the meeting requesting to purchase or lease for a long period a parcel of land where the Legion Hall presently situated on the old repair shop property.

It was agreed that a 25 year lease be granted to the Canadian Legion on a hall site on the old shop property at a nominal rental fee of $1.00 per year and any taxes that may be levied on the property.

GRAVEL TRUCKS

Some discussion took place on the hiring of trucks for hauling gravel as reports indicated that there has been some misunderstanding over who was to arrange for the required number of trucks on gravel haul projects.

It was agreed that the Area Foremen be responsible for hiring the required number of trucks for any gravel haul project.

The Development Control Officer has recommended to Counci that an order be issued under the provisions of Section 158 of the Municipal Government Act for the removal or destruction of a building situated on Lot 13, Block 11, Plan 4956A.R., Wabamun.

It was agreed to proceed with the removal of the building under Section 158 of the Municipal Government Act.

NORMANDEAU GARDENS WATER SUPPLY

Letter dated September 13th, 1971 from Associated Engineering Services Ltd. was presented to Council advising that a meeting was recently held in the Winterburn School for the purpose of determining a method of financing a water supply system in Normandeau Gardens subdivision, to obtain water from the proposed transmission line from the City of Edmonton.

It was agreed to advise Associated Engineering Services Ltd. that the residents of the area would be required to form a co-op and install the system on their own with no County involvement.

Seven applications were received for the position of Administrative Assistant to the Secretary-Treasurer.

It was agreed that Mr. Delmar Kulak presently employed by the County as senior clerk, be appointed as Administrative Assistant to the Secretary-Treasurer effective October 1st, 1971.

It was agreed that the Secretary-Treasurer be authorized to make changes in the appointment of election officials necessitated by the refusal to serve by some of the originally appointed officials.

BUILDING MAINTENANCE

It was brought to the attention of Council that the Health Unit office building in Stony Plain is in need of maintenance, particularly some painting.

This matter was referred to Councillors Bakker and Mann with authorization to have the necessary maintenance done.

CLASSIFIED DEADLINE -- Mondays at 10:00 a.m.

BUCK LAKE NEWS

Birthday greetings to Geneva Patten for Thursday, September 30th.

Mrs. Agnes Micku flew from Edmonton to Chemanius, B. C. on Vancouver Island a few weeks ago, and will spend the winter with her daughter Alice and Bob Irwin and family.

Nick and Edna Wasyk and family had her parents Mr. and Mrs. Mike Krysta of Kelowna, B. C. and Edna's brother Dave Krysta and family of Fort Nelson, B. C. visiting with them. Pat and Arvid Kellgren of Drayton Valley were visitors there on the weekend.

Bill and Debra Goldsney of Rocky Mountain House were weekend visitors at her parents. They had a turkey supper with his parents on Sunday evening.

The Recreation Centre meeting which was held on Tuesday evening, had a very poor turnout, but it was definitely decided to have the Hallowe'en Bonspiel.

Best wishes for a complete recovery to Kathleen Kiss who was in Rimbey Hospital last week.

On Saturday, Barbara McLeod was still in Winnipeg, Manitoba, as her daughter Sandy Glenn was in hospital there. She had taken ill during their stay there.

A miscellaneous shower for Mrs. Elsie Ives had a good turnout on Thursday evening of September 30. Hostesses were Geneva Patten, Verna Brown and Norah Dawson. Elsie and Keith received a nice variety of useful and lovely gifts, and Elsie was assisted in opening them by Joyce Inglis and Joyce's daughter Deborah recorded them. After Elsie had thanked everyone, a delicious lunch was served by the hostesses, with Edna Wasyk assisting.

Darrel Patten and Schyler Durant returned north to work on Thursday, September 23, Darrel had to miss his graduation ceremonies, which took place at Winfield High School on Friday evening, September 24. After the banquet a dance was held. Those from Buck Lake who graduated were Darrel Patten, Kathy Kiss and Dorothy Schenk.

Jim Foster has gone back to work for Kiss Construction.

Some of the citizens are taking advantage of the big game season which opened back west last Monday; apparently game isn't too pleniful, at least where the hunters were.

Ede and Fred Drader entered Gedric and Caesar in the Lacombe Fair Parade on Saturday, October 2nd.

Saturday, October 2nd, Mrs. Gertie Durant had her three sisters, Mrs. Grace Ayers, of Calgary; Mrs. Albert Reuer, of Wetaskiwin; and Mrs. Elsie Zohner and grandchildren of Edmonton visiting with her. Mrs. Ayers remained for a time with Mrs. Durant.

Morris Trusett returned to Melville Island, Thursday, September 30.

The Grade 12's from Winfield School all travelled by bus to Edmonton, Wednesday last to attend the show, "My Fair Lady". Miss Josie Zingle was an overnight guest of Kathie Bouck that evening after the show.

SUMMARY

This week's receipts were slightly lower than the previous week. Offerings consisted of over 80% replacement cattle and calves with stock calves making up over half the bulk. Trading was active on most classes with the exception of cows which became somewhat depressed as the week advanced.

SLAUGHTER CATTLE AND CALVES

Offerings of slaughter steers were scarce for the week, with a few choice handyweights unchanged from the previous week, with prices topping at 31.00. Butcher heifers sold steady for most of the week, but closed on a stronger tone, 50 higher with the odd sale to 29.80. Butcher cows opened under sontinuing pressure from last week's close and prices worked 50-1.00 lower for medium and good kinds. Good dryfed cows closed at a top of 21.50 with the odd heifry kind selling to 22.00. Good bologna bulls followed the same trend selling 1.00 lower. Veal and butcher calves maintained steady prices with very good veal calves very scarce.

REPLACEMENT CATTLE AND CALVES

A broad demand was able to absorb the increased volume of replacements offered at steady to firm prices on most classes. Heavy two-way feeder heifers over 700 lbs. were moving out at strong prices. Heavy feeder steers 800 - 950 lbs. opened to a good demand at strong prices but closed under some pressure as orders dropped off. These were closing 1.00 to 2.00 lower. Stock calves continued to move readily at steady prices.

SHIPMENTS

Feeders to other than local areas - 3,642 cattle and calves to central and southern Alberta

Boars closed at $7.50 per cwt. and down, depending on weight and quality. Approximately 1200 feeder pigs sold Tuesday and Thursday afternoon ranging from $20.00/cwt. for 110# feeders down to $15.00/cwt. for 150# feeders. Weaners and light feeders sold by the head from $5.00 each for weaners to $17.25 each for 80# feeders.

SHEEP AND LAMBS

Good to choice butcher lambs sold from $19.00 - $21.50/cwt. at Friday's Special Sale and from $20.00 - $21.00/cwt. during the week. Feeder lambs sold from $19.00 - $27.25/cwt., depending on weight.

Thanks From Fire Dept.

Following inspections of downtown business areas and trailer courts during Fire Prevention Week, members of the Drayton Valley Fire Department extended thanks to proprietors and managers for the co-operation accorded them in their visits.

Two groups of Cubs took advantage of the department's offer and toured the fire hall last week.

Only fire call last week was a false alarm at about 6:30 p.m. Wednesday.

Investment Group Still Active

The grade nine 1970 Investment Group students have now entered grade eleven and their investment company which they formed as part of their social Studies corse in grade nine is still very much alive.

The students the past few months have been buying and selling their shares with the company attempting to make the best business proposition possible. From all this dealing Jim McKillop has emerged as the top stock holder at the present moment with 73 shares.

The shares were originally bought by the students for one dollar each but they have in the meantime increased to a value of one dollar and sixty-six cents each. Thus a 66% profit in the past year and a half. The company has received dividents from their Canadian A stock and the stock has increased in value on the Vancouver exchange from 5.75 purchase price to 6.25 present quote.

The club has also received bank interest and recently purchased 200 shares of Stampede Oil at 80¢ a share. It has dropped to 73¢ and the group are watching this one closely.

The students are contemplating purchase of some of the following: Vancouver exchange mines. General Resources. Alice Lake, Pinnacle. They are also watching Embassy Oils and Budd Automotive (this is Toronto Industrial).

The investment club is actually disappointed with the present stock market condition because it witholds them from investing when they would like to. The low volume and national economic pressures make the market a very difficult situation to speculate on.

The group will disband on graduation day and all shares will be cashed in giving numerous students some cash on hand and it is hoped more importantly a lesson on what the value of some economic savings will do for an individual and then carry this lesson on into their adult life experience. Before this time though, four semesters must pass and a great deal is to be learned and accomplished.

An annual meeting is in the offing and a new executive election also forth-coming.

The club would like to thank the community for its interest in this venture and further reports will appear at later dates.

Rusty Zander Member of New Agriculture Committee

Dr. Hugh Horner, Deputy Premier and Minister of Agriculture has announced and formation of an agricultural committee within the Conservative Caucus to be co-chaired by Bud Miller, M.L.A., Lloydminister and Marvin Moore, M.L.A. Smoky River.

These two M.L.A.'s who are practising farmers and had a great deal to do with the development of the agricultural policy of the Conservative party, will head the Agricultural Committee. Mr. Miller's responsibility will be primarily in the livestock field while Mr. Moore's will be primarily in the grains field.

As well as this, it is intended to use all of the other M.L.A.'s in special assignments within the field of agriculture. It is hoped to set up a joint committee of M.L.A.'s and farmers and other knowledgeable people to begin an immediate study of the crop insurance situation in Alberta as well as weather modification.

Mr. Gordon Stromberg, M.L.A. Camrose has special responsibility in relation to the coarse grain situation in Alberta.

Mr. Rusty Zander, Drayton Valley has special responsibilities in regard to farmers' surface right and the revamping of the Right of Entry Arbitration Board Act.

Mr. Peter Trynchy, M.L.A., Whitecourt will have special responsibilities in the area of forage and in farm machinery legislation.

Mr. John Batiuk, Vegreville, will have special responsibilities in the family farm area and to develop policies to maintain a family farm.

Mr. Mickey Fluker, M.L.A., St. Paul, who has an extensive knowledge of marketing of livestock and farm products behind him, will have special responsibilities in the marketing field.

Mr. Frank Appleby, M.L.A., Athabasca will have special responsibilities in the specialty crop field and also in relation to the situation in honey.

Mr. Don Hanson, M.L.A., Bonnyville has special responsibilities in the dairy field and it's relationship particularly to the family farm.

Mr. Bill Purdy, M.L.A., Stony Plain has special responsibilities in evaluating the Extension Division of the Department along with an evaluation of the T & T Report and submissions made in that regard.

It is also intended to add to the Agricultural Committee by having at least four city M.L.A.'s on the committee. It is felt important to have these people; not only for liaison and to improve the relationship between the two areas, but they could contribute in a major way to solving some of our problems in agriculture.

BEFORE YOU BUY

What do you consider when you are buying household equipment? A range should have a life span of 16 years, so essentially you are looking for something that either you will enjoy or have to put up with for 16 years.

Every major appliance decision should involve family discussion. mom and dad should work out details as to how the cost will fit into family spending. Children should be included in the discussion for they can gain valuable money management experience regarding the advantages and disadvantages of a proposed purchase.

AN EDUCATED CHOICE

-Check at least 2 or more places where appliances are sold. Acquire information on price, performance, materials used, workmanship, size, shape, regular and special features.

COMPARE SPECIAL FEATURES

Every brand has several models which vary from "low end of the line" to "top model". The price generally moves up from model to model with extra features with each increment. The benefits of special features such as "No Frost" or "Self Cleaning" exceed the extra cost involved. If you can afford it look objectively at special features. Many appliances are purchased on the worth of a special feature, which if it is used only occassionally, is not really worth the extra expense.

INSTALLATION NEEDS

Before you shop measure available space where equipment is to be placed. And do not forget to measure the door of staircase the appliance might need to be moved through.

Ask yourself if your water supply and your disposal system are adequate to handle? Will the equipment demand special wiring?

DEALER

The dealer may be the man of the hour. His reputation for honesty and dependability is a must. He should have a thorough knowledge of construction, installation, operation and service each appliance he sells. A reputation for good service is essential as the more automatic features an appliance has. Dependable brands very often save money to say nothing of inconvenience.

CONSUMER REPORTS

Consumer reports do comparisons of major appliances. These are useful to check to see how the different brands compare. Calgary Power Ltd. at (Box 1900 Calgary 2) have an excellent series of publications on buying appliances, through their Home Service Department. Anyone can write for them. You can also feel free to write (Box 510, Stony Plain) or phone my office for appliance information.

GUARANTEES

Read them carefully to determine what protection is offered. Will the warranty cover labour? parts? How do you report equipment failure?

THE DECISION

Your choice in appliances can represent years of good service or years of frustration. It pays in dollars and satisfaction to be an informed buyer.

WHAT IS HAPPENING TO THE NEW FEDERAL GRAINS POLICY FOR WESTERN CANADA?

The media is presently full of continuing Opposition criticism of government measures regarding the proposed Prairie Grain Income Stabilization Bill. Much mis-information exists. Why have the Commons Opposition members stalled this bill and prevented it from being passed earlier this year? In succeding columns, I will try to relay some information so you can decide whether the bill provides adequate provisions for maintaining economic health in western grain production or whether Opposition parties are blocking the bill for ballot box g ains.

These aspects of the new policy are already in effect:

* Forage incentive program
* Early announcement of initial prices and quotas.
* Revised quota delivery system.
* The $10 million a year market development program.
* Amendments to the cash advance payments legislation.

The other changes that form part of the new policy are still being discussed by Parliament. None of these changes can be made without Parliamentary approval. This includes proposals to:

* Make $100 million transitional payment to farmers.
* Introduce a Grain Receipts Stabilization Plan.
* Terminate the Temporary Wheat Reserves Act.
* Terminate collection of levies for PFAA. These have been suspended although benefits still continue.
* Amend the Wheat Board Act.

THE $100 MILLION DOLLAR PAYMENT

This was designed to cover the gap between the end of the Old Programs (e.g. Temporary Wheat Reserve Act) and the introduction of the new ones e.g. Grain Receipts Stabilization Plan. By distributing $100 million direct to producers, there should have been no loss of support during the introduction of the new programs and the phasing out o. the old ones.

As you know, there was an acreage basis for this payment -- 1.45 an acre, up to a maximum of 640 eligible acres. All 1970-71 permit book holders have received a statement indicating their payment pending passage of the legislation.

This payment would replace the Temporary Wheat Reserves Act, which is the point of opposition criticism. The Opposition argues that the subsidy be paid for wheat in storage during the 1970-71 crop year. This subsidy amounts to about 60 million.

The Federal Government thinks otherwise. In future years instead of contributing to storage of wheat, they wish to contribute to the stabilization of income for all grain producers.

Deer Jawbones Still Wanted

The Alberta Fish and Wildlife Division is again collecting mule deer jaws for studies of age structure which is essential for mule deer management in the province.

"Successful deer hunter" crests will again be awarded to all those who bring the cleaned lower jaw of a mule deer to any Fish and Wildlife Office.

AGRICULTURAL COMMITTEE,
County of Parkland No. 31

LOCAL CONTROL OF EDUCATION IS AT STAKE!

Commencing Friday morning, October 8, 850 teachers employed by the eight school boards in the North Central (West) School Authorities Association will go on strike. This action follows 10 months of negotiations between the boards and the Alberta Teachers' Association, the official bargaining agent for the teachers. Prior to being served with strike notice NC(W) S A A offered to meet with the teachers on three different dates - October 14, 18 and 20. However, the teachers have chosen to serve strike notice despite an offer to meet. The only conclusion that can be made is that the teachers wish to play politics during the local elections of October 13th.

The following message is presented by the school boards involved in the dispute. Its purpose is to inform you, the public, of what has happened, what is happening, and what could happen. It is also an appeal for your support. For if the teachers gain their demands in this dispute it will not only be school boards who are the big losers. It is you, the public, who will have lost control over education in your community.

WHAT TEACHERS HAVE ALREADY GAINED!

During past negotiations teachers have negotiated contracts which at present place them in the position of:

1. **Working less than 200 days per year**
2. **Earning well above average salaries in the communities in which they work, and**
3. **Are proposing now to instruct pupils only 231⅓ hours per week and be assigned no more than a complete total of 30 hours.**

Further, the cost of wage proposals made to the teachers this year will cost the boards from 15 to 20% over two years.

This is the present situation.

WHAT TEACHERS WANT NOW

What do the teachers expect to gain from this strike? The answer is simple. They want power. Power to control the school system which has traditionally been the right of the public through its elected school boards. The teachers have publicly denied this. They claim that all they want is to be consulted before school boards make decisions which affect working conditions.

However, hidden beneath this innocent sounding demand is another objective which has become glaringly apparent to trustees who have been involved in negotiations.

AT THE BEGINNING OF NEGOTIATIONS THE TEACHERS PROPOSED A CLAUSE (UNDER THE HEADING OF CONSULTATION) WHICH WOULD HAVE FORCED SCHOOL BOARDS TO NEGOTIATE (NOT CONSULT) WITH TEACHERS ON ALMOST EVERY ACTION PROPOSED BY THE BOARD. THIS WOULD GIVE TEACHERS THE POWER TO CO-DETERMINE EDUCATIONAL POLICY WITH THE ELECTED SCHOOL BOARD THUS DISENFRANCHISING PARENTS AND TAXPAYERS FROM THEIR LEGITIMATE CONTROL OVER SCHOOLS.

The school boards in NC(W)SAA have successfully resisted the inclusion of this clause in the collective agreement.

Over the months the teachers have watered down their demand to the point where it could be legitimately termed consultation.

However, by the nature of their past demands, their future intent in this area is clear. It is not simply consultation • **IT IS CO-DETERMINATION • THE RIGHT TO SET THEIR OWN WORKING CONDITIONS WHICH WOULD IN TURN GIVE THEM THE POWER TO CONTROL ALMOST EVERY FACET OF THE SCHOOL SYSTEM.**

THE SCHOOL BOARD POSITION

The school boards believe this struggle is for high stakes. And it is not over "consultation" as the teachers would have the public believe. Boards have always consulted with their teachers and will continue to do so — but without the encumbrance on a binding clause in the collective agreement.

It is the control of education which is at stake and your support is urgently needed by your school board.

Please keep in mind that just as war is too important to be left to generals alone, so is education too important to be left entirely up to teachers.

If you have any questions regarding the position taken by your school board please contact your local school board office or the following directors of the North Central (West) School Authorities Association:

New Brand Act Now in Effect

A new Livestock Brand Inspection Act, designed to give farmers and ranchers more protection against theft and unauthorized livestock sales, came into effect October 1.

Agriculture Minister Hugh M. Horner says the new act applies to only horses and cattle. It replaces the old Stock Inspection Act which became inadequate in light of increased cattle marketings, changes in transportation, expansion of cattle feeding and a broader marketing system.

The biggest change from the old act is that the livestock manifest, or a permit issued by an inspector, must accompany cattle and horses being transported except where they are being moved less than ten miles to a point other than a market, community pasture, forest reserve or a custom feedlot. Stock can be moved over ten miles without a manifest to a veterinary clinic or between two properties fully controlled by the owner.

The department of agriculture provides books of livestock manifests for producers and shippers. These are available at all livestock markets and at district agriculturist offices at points where there is no market.

The manifest serves as the starting point in all brand inspections and as a record of livestock that is in transit. The only stock that can move out of Alberta without a brand inspection before shipment is stock moving directly to the markets of Lloydminster and Dawson Creek.

The act prohibits and provides a penalty for the use of fictitious names in the selling or trading of livestock. It also requires that a seller of livestock, or his agent, provide the buyer with a bill of sale covering a description of the livestock, the date of sale and the brands carried by the animals in question.

Where any person offers for sale or shipment out of the province livestock that carries a brand other than that registered to him, or his own brand if applied in the previous 30 days, the shipper must ensure that the last brand on which a transaction has been made is clearly visible to an inspector before the livestock is delivered to a sale or shipping point.

Producers, shippers and market operators are asked to familiarize themselves with the new requirements be contacting their local brand inspector.

Imperial Oil 1972 Project

EDMONTON -- Imperial Oil announced last week that it will spend more than $200 million over the next three years to build a new petroleum product supply system in the Prairies. Scheduled to start in 1972, the construction project will be one of the largest ever undertaken in western Canada.

Heart of the new system will be a refining complex to the buil built on the site of the company's present Edmonton refinery. The Strathcona refinery, as the new plant will be called, will have a crude oil processing capacity of 140,000 barrels a day and will be able to supply all Imperial's petroleum product requirements in the Prairies.

KNOW YOUR SCHOOLS

The purpose of this new "question-and-answer" column is to provide an opportunity for citizens to ask questions about education. If you have any question concerning the schools you are encouraged to send it to "Know Your Schools? P.O. Box 777, Stony Plain, Alberta

QUESTION:

What is the School Committee?

ANSWER:

The School Committee is appointed by the County Council at its organizational meeting each year, and is charged with the responsibility of looking after all school matters. According to the County Act, the School Committee has all the powers and duties exercised by a school board under the School Act except the power to pass a money by-law. The County of Parkland School Committee consists of eleven members. Seven of these are county councillors and four are representatives of towns and villages, (i.e. Spruce Grove, Stony Plain Entwistle, and Drayton Valley).

QUESTION:

When are School Committee meetings held and are they open to the public?

ANSWER:

School Committee meetings in the County of Parkland are held in the County office beginning at 10:00 a.m. on the first and third Tuesdays of each month. Meetings are open to the public and citizens are encouraged to attend. The School Committee may move into a closed session if a majority of members are of the opinion that it is in the public interest, but it cannot pass a by-law or a resolution in closed session except to revert to an open meeting. All official business is conducted in open meetings. Should a citizen wish to make a presentation to the School Committee, arrangements should be made at least one week in advance of the regular meeting through the Superintendent's office.

Couple Celebrate 50th Anniversary

Open house was held for Mr. and Mrs. G. R. MacKillop at their home on the occasion of their 50th wedding anniversary.

Mrs. MacKillop (nee Catherine Austin) came to Brightwood to teach in 1919. In 1921 she married Chris MacKillop and they have made their home in the district ever since.

They were blessed with two children, Alice (Getsinger) and Richard who passed away in 1926.

They had with them on that day, their daughter Alice and two grandchildren, Douglas and Dale; her brother Kenneth Auster; and sisters, Bell Delano, Annie Stewart, and Ella MacRae. Also present were her three nephews and three nieces besides nine grand nephews and eleven grand nieces. Aunt Kathy was always a favorite among the children.

The table was decorated with a three tier wedding cake which was cut by Mr. and Mrs. MacKillop while the guests sung "Put on Your Old Gray Bonnet". Everyone said it was a day that would be long remembered.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:
I have a daughter from a previous marriage. I remarried a few years ago, and now my present husband has applied for the adoption of my daughter. We have worked through all the legal papers with the exception of one requirement, namely, the consent of my former husband for the adoption. Up to now, he refuses to accede to this request. He lives in another province. We have written. Our last resort was to phone. He promised me that he would return the proper form duly signed, but weeks have passed and no reply. We would like to have this situation settled so that we could make other decisions regarding a further addition to the family. If you can help me, I'd be grateful.

Dear Parent:
I have been involved in a number of situations like this. In most cases, the parent who is holding up the proceedings does so as a means of revenge for all the hurts in the past. This is why impersonal approaches such as a letter or even a long-distance telephone call, has little or no results. I have found, that you need to have someone in the community where your husband lives take the form and make a personal contact with him, pointing out that procrastination means the opening up of old wounds and more important the hurting of the child involved who hasn't asked to be brought into the world. You might ask, who might be willing to make this kind of effort? If you are Catholic, seek out your priest, and ask him to contact a fellow-priest in the area where your husband resides. If you belong to some other Church fellowship, then ask the clergyman of your faith to make the same effort. If you do not know a clergyman, then seek out the one who serves the Church nearest you, and ask him for his assistance.

Dear Mr. Cantelon:
I am divorced. I feel that I cannot go to a marriage counsellor even though my problem is about getting married again. I am afraid of how my past life will affect this marriage. I don't know if I ever could make this man happy. I feel my problem is one of morals not one for a psychiatrist. I am writing to you because I believe you are a clergyman. I don't want to talk to anyone else until I have first talked to someone of your profession.

Dear Worried:
By all means seek out a clergyman. Make an appointment through his office secretary. If you are Catholic, you may feel more secure in talking to a priest. Sometimes it works the other way that a person like yourself would rather talk to a stranger or someone representing a branch of the Christian Church other than your own. In any case, take courage, and make the contact. You'll find clergymen are ordinary concerned people who want to help and are always willing to listen without judging you or what you've done. In my personal letter to you, I have enclosed a list of those from nearly every denomination who might help.

Outlook for Butcher And Feeder Cattle

Feeder cattle prices to the end of the year are expected to equal or better those of last year.

The Alberta department of agricultur's marketing economist, Roy Hurnanen, reports that good feeder steers averaged $32.40 at Edmonton for the last four m months of 1970, and that relatively strong slaughter cattle prices will keep feeder prices firm.

The feed grain situation is also expected to be similar to that of last year. While barley production for this crop-year is higher than during the last crop-year, the reduction in on-farm stocks at the end of the 1970-71 crop-year and anticipated elevator deliveries should keep the supply-demand situation relatively balanced, Mr. Huranen says.

He reports that butcher cattle prices should be steady to strong for the remainder of the year, and that they should average above year ago levels. The average price of choice slaughter steers in Calgary in October of 1970 was $27.92 and in November it was $29.56. Mr. Hurnanen believes that it is reasonable to expect prices for the remainder of this year to be $1 to $2 higher.

Alberta cattle-on-feed estimates as of July 15, show very little change from last year. The over 800-pound weight category shows a decline in cattle on feed, despite the fact that Alberta mark etings since July 15 have shown a sizable increase. The logical explanation is that finished cattle have been marketed at lighter weights. According to Mr. Hurnanen, average carcass weights this year have consistently been under 1970 levels.

WHO'S NEW

Learning to walk without seeing is one of the first obstacles posed by blindness. To walk alone, even in familiar surroundings, is a frightening sensation. The white cane offers a blind person a constant companion - a guide and trouble-shooter. The funds raised by your CNIB campaign help provide the mobility training so essential for a blind person's grasp of independence.

Lions Plan Annual C.N.I.B. Campaign

"In spite of high levels of unemployment, blind persons continue to enter new careers," said Mr. Fred Schipper, campaign chairman for the Canadian National Institute for the Blind. In one province six blind people are employed as coffee tasters. In another province a blind telephone operator records the charge number when the caller dials a direct distance line.

"There's nothing unusual about new careers for blind persons" said the chairman. And he told how a few years ago x-ray film processing was studied and found suitable for blind technicians. Even the computer with its technical language and complicated operation is providing jobs for trained blind people. One blind person is in a supervisory position and another is establishing computer programs for her company across the country.

"Although you may not know a blind person you play an important part in his success", Mr. Schipper said. "Your annual donation to CNIB helps to establish training programs and find employment."

CNIB is a private agency and its work depends on public support. In addition to employment, it provides residence care for senior citizens and a host of additional services from recreation to home study courses.

"Even when you are prepared for it, blindness is always sudden" observed the chairman. "It is up to those who can see to support the services which help to compensate for the loss of sight."

Members of the Drayton Valley Lions Club will again knock on your doors for donations as they have done in the past six years.

The canvass for the residential area will start with a blitz night on Tuesday, October 19th.

Please give the Lions and the CNIB your full support.

MINOR HOCKEY CORNER

Minor Hockey Association under the direction of President Doug Hall went to work for the hockey players in the town with the initial general meeting of the years. The major portion of the meeting was taken up by the setting up of the structure for the years.

Hockey coaches are still required for the season, which will start with a hockey camp "71" on Tuesday, October 12th with a one week training session under the direction of Sam Belcourt, Doug Hall, Lorne Foster, Orest Haydey with the aid of other hockey stars in the town.

Of general interest was the plebicite that was being run against the minor sports issue.

Parents or general hockey enthusiasts are invited to view the proceedings of Hockey Camp "71" which will run each evening from 5:00 till 10:00 p.m.

Gym Classes Start Tuesday

Gymnastic classes will begin Tuesday, October 19th.

Because of a large enrolment, three classes will be set up this year. The oldest group are being called the Seniors, the middle group the Intermediates, and the youngest group the Juniors.

Every gymnast enrolled will be notified by telephone shortly as to what group she is in, and what time her class begins.

We are very pleased to announce that Mr. Denis Reid, physical education instructor, will be teaching the Senior class.

Assisting Mrs. Tyerman with the Intermediates and Juniors are Mrs. Sandra Anker, Mrs. Colette Huselage, Janet Metelski and Cheryl Daviduk.

Late to register? Please phone Doris Tyerman at 542-4100 or Sandra Anker at 542-4556 immediately.

In 1970, less than 1% of the people who bought Chaparral had to use their warranty.

Less than 1%. That says a lot.

It says Chaparral snowmobiles spend their time on the snow and not in the shop.

And it says that about the only thing Chaparral owners have to replace is gas and oil.

It also tells you that Chaparral is not made to become obsolete in a year or so. No, when a Chaparral is put together, it's put together to stay. Year after year after year. That's why Chaparral was able to conquer a 12,500 foot peak in the Rockies. And that's why we say Chaparral can take anything you can dish out. Anything.

Check the complete Chaparral line soon. It's one tough machine. (Less than 1%.)

MAGNOLIA NEWS

On Wednesday, September 29 this community awoke to find that Mother Nature had rushed the winter season as the ground was almost covered with a light coating of snow but before the day was ended there was more than six inches of the soggy wet stuff. The tree branches were hanging low under the weight, the standing grain was no longer standing erect and those gardeners who still had vegetables in the ground were in a mild panic. Even the multitudes of south-bound geese who mingled with the falling snow flakes sounded as if they believed someone had made a mistake in the weather. We were all very grateful to see the snow go and fall return.

Someone lost a signet ring at the baseball tournament held in Magnolia. Contact Mrs. A. Satermo for information about it.

Recent visitors in this region were Mr. and Mrs. Lynn Brown of Westlock, Mr. and Mrs. Harold Brown also Mrs. R. E. Brown of Edmonton.

David Williams brought his lovely new bride to pay a visit to his aunt and uncle Mr. and Mrs. Ray Storms during the latter part of September.

Mr. Rudolph Gylander is in hospital in Edmonton and we sincerely hope your stay will not be very long.

Wedding anniversary greetings go to Orris and Dorothy McWillis who celebrated their thirty-eighth year of wedded bliss on October 1st. They were entertained at dinner in Edmonton by their daughter Vivian and her family. Congratulations.

We would like to extend a welcome to Victor and Hazel Laboucane and their two young folks. They are making their home on the Dean Strangway farm where Mr. Laboucane is employed.

Mrs. R. Gylander and Eleanor have returned from a two week holiday in Roseberg, Oregon where they visited with several relations.

All Mrs. Roy Strangway's friends will be very pleased to learn that she is recovering nicely from a nasty fall.

Car Club Wind-up Planned at Entwistle

The Pembina Racing Oval will hold it's annual meeting on Saturday, November 13th, at 8:00 p.m. in the Entwistle Fire Hall. Any persons interested in building cars or with a general interest in the club are invited to attend as memberships will be taken that night for the 1972 season. Also people with ski-doos and any other person interested in seeing the track opened for ski-doo racing should attend so that this may be discussed.

Lady members are also invited to join the club as it is planned to run Powder Puff races next season. The champion Powder Puff driver this year is Mrs. Valerie Peden with 16 points and runner up is Mrs. Rosemary Hofmann with 13 points.

The year trophies will also be presented at the meeting. Mr. Walter Hofmann will be awarded the Driver of the Year Trophy which is donated by Mr. F. LaRose from the Pembina Hotel at Entwistle, Mr. Hofmann had 27 points and runners up were H. Hofmann with 25 points, and John Blades and Rick Peden tied for third with 17 points each. The Feature Race Driver of the year is Hilmer Hofmann who will be presented with a year trophy donated by G. Campbell Construction of Entwistle and Ted Remmer of the Rolling T. Ranch of Lake Isle. Hilmer had 21 points and runners up were W. Hofmann with 15 points and John Blades with 13 points.

The club would like to take this opportunity to thank all sponsors and spectators for their support, without which the club could not have been possible.

EVANSBURG NEWS

At its last regular meeting, the National Farmers Union of Evansburg unnanimously voted to support the boycott of Kraft Foods and released the following statement:

"As members of the National Farmers Union, the largest direct-membership farm policy group in Canada, we are asking you to support our boycott of all products sold by the Kraftco Corporation.

"We feel that our cause is just. Our aim is to gain the right to collective bargaining for the dairymen who are members of our union.

"Right now they have no say at all about the price they are paid for the milk used by the giant corporation like Kraft. They must sit back and take whatever price is offered by these firms and their marketing agency.

"The result is unbelievably low incomes. Farmers and their families are bing driven from their land every day. From there they go to the cities and add to the unemployment rolls, compete for scarce jobs (tending to lower wages which are already too low) and add to the housing shortage, overcrowding and other staggering urban problems.

"We in the National Farmers Union have decided to fight back. We hope you will support us and join with us in this boycott. We think it's your fight too."

MOTHERS -- Mother's Day Out organizational meeting will be held October 19th, 2:00 p.m. in the Evansburg United Church. All mother's are encouraged to attend to plan the fall sessions. Baby sitting will be provided.

The Kinette club of Evansburg will be canvassing for the C.N.-I.B. on the evenings of October 13th and 20th. Please give generously.

"Need some money? Our personal loans are easy to get."

says Gordon Langford

"When you need some extra cash for something worthwhile, like a new car, a colour TV, a major household appliance, or a vacation, there are several ways you can finance the deal. But a Royal Bank termplan personal loan can actually save you money . . . because it costs less than ordinary buying 'on time'.

A termplan loan is easy to get, easy to pay back, and it costs so little. You pay us back in easy monthly instalments that are worked out to fit your budget. And the loan is life-insured in the bargain.

Royal Bank termplan loans give you cash in advance so you can shop for the best deals in town. Come in and see us. We like to look after you."

Variety of Business For C.W.L. Meeting

The October C. W. L. dinner meeting was held in the Cardium Room on October 5, with sixty-two members and guests present. After a delicious Chinese supper the regular meeting took place.

A letter of appreciation was read from the young seminarian in South America who is being sponsored by C.W.L.

The T.B. clinic to be held this month is in need of volunteers to help at the clinic. Please phone Mrs. Eva Hennessey if able to help.

Members were urged to write letters to be included in Project 100,000 to encourage government to relax abortion legislation Mrs. Annemarie Haack thanked all members who helped in any way to make the Wine and Cheese Social so successful.

A trial baby-sitting service will be tried for one month starting October 24th, with Mrs. Dianne Rockwell and Mrs. Donna Franklin in charge.

Mrs. Brigid Mulgrew reported the Arthritic and Rheumatic Canvas a success -- the sum of $729.45 was realized.

A C.W.L. zone meeting is to be held in Thorsby on October 20th. Mrs. Horne urged as many as possible to attend.

Thanksgiving Turkey draws to help raise funds were held. The lucky winners were: Mrs. B. Smerychinski; Albert F. Wood, Seba Beach; Jean Westlund; Shirley McMillan; Lila Drews; and Terry Horne.

A letter requesting used clothing and read from the Christian Social Action group. Mrs. Agnes Manning was the lucky winner of the door prize -- a cake.

Rev. Fr. Lynch explained the religious program being presented at St. Anthony's this year.

ENTWISTLE NEWS

The District Home Economist, Mrs. Georgianna McDavid is planning a meeting for Mothers Day Out for the Entwistle and Evansburg area on Tuesday, October 19th at 2:00 p.m. in Evansburg United Church basement. All mothers are encouraged to attend to plan the fall sessions and baby sitting will be provided.

Mrs. Betty MacKenzie wishes to thank her many friends and neighbors in Entwistle for the lovely cards and flowers she received while in the hospital recently. A special thanks to Mrs. Rosemary Hofmann.

The Elks whist season has started with the first one taking place on October 2nd in the Elks Hall. The winners were: Ladies - 1st, Edna Hadley; 2nd, Tiny Jevne; and Consolation, Pauline Bullock. Mens - 1st, Bill Davies; 2nd, Lawrence Anderson; and Consolation, Mr. Gay.

The next whist will take place on October 23rd instead of the 16 as there is a wedding on that day. Keep in mind 23rd of October.

The Entwistle Community Library has been relocated between the Post Office and the Credit Union. It is still being open as usual but an official opening will be later in the month. Watch for posters and to the date of the opening.

Mr. and Mrs. John Sorley and David were visitors in Entwistle on Sunday as they attended church.

Visitors at the Gordon Campbell home on the weekend were Gunner Campbell of Victoria, B. C. and Dan Barry of Vancouver cousin of Marge Campbell.

The Raffle for the $20.00 money Doll was won by Mrs. Eleanor Tuttle of Entwistle.

At the Students Union meeting held recently the grade six were included in the Students Union. The room representatives were chosen being: Grade 6, Mary Ann Knudslein; Grade 7, Shirley Romanchuk; Grade 8, Janice Land; and Grade 9, Ralph Kapteyne. Mrs. Irene McDougall (nee Conway) is the Staff Advisor.

Isn't it a pity that more of the oldtimers and residents of the village and district didn't know about the dedication of a plaque in memory of J. D. Read that was presented to Mr. J. T. Read recently. I am sure that a good number of persons would have turned out to such a memorable occasion.

Lorainne Skare and family were visiting at the Hanson home on Sunday, October 3rd.

Mrs. A. Dean has been away to Camrose visiting her relatives.

LINDALE NEWS

Visiting at the home of Mr. and Mrs. Norman Haffner for a week, were Mrs. Haffner's sisters, Lois, from Vancouver and Isabel from Stettler and Dorothy from Drayton Valley. During this time all four ladies attended the Bingo at Breton on Tuesday, September 28th, and Isabel Barrett came away with $110.00

Sunday, October 3rd was also a most enjoyable day at Haffner's Among the many visitors were the following: Bernice's brother, Ken and his wife Emily Hannem, and their son Keith and his wife Donna; Norman's and Bernice's son, Ken Haffner and his wife Doreen and girls were also there. all from Edmonton. Their daughter Iona, and her husband Jim Holmgren and girls of Lindale were also present.

The social and dance held at Lindale Hall on Friday, October 1st was enjoyed by all those attending. Due to snow and rain storms, just prior to the social the crowd was smaller than anticipated. The draw was made for the heifer being raffled and the lucky ticket holder was Mrs. Benn of Drayton Valley.

Ethel Hutchinson had as her guest over the weekend, Linda Pischke of Berrymoor. On Sunday, October 3rd the Hutchinson family and Linda motored to Boyle and back for a short visit with the T. C. Hutchinson family.

Valerie Brewster spent Tuesday night, October 5th at the home of Candy Anderson.

Mamie and Alex Lachance of Calmar, were Lindale visitors on Monday, October 4th. They brought Mamie's sister, Mrs. Frank Belanger home from Breton Hospital on their way out.

Mrs. Rita Wild and Mrs. Bernice Horsman of Rocky Mountain House visited at the home of Bernice's mother, Mrs. Frank Belanger on Thursday, October 7.

GAINFORD NEWS

Mrs. Clarke had little Jo-Anne and Sherry Vance at her house for a few days while the parents were at a dog show in Edmonton. Also at the Clarke home this weekend was a friend, Mrs. Lil Peterson of Edmonton.

Mr. and Mrs. Vance, one and a half miles east of Gainford have orange and white Belton's (breed of dog). At the dog show at the Sport Centre in Edmonton, the weekend of September 25th they won two championships by Leighton's Captain Amee, thirteen months; and Camanjoy's Prima Donna, fifteen months. She will be having puppies in early November so from now to the end of this year will not be competing. Mrs. Vance brought home a new color of the same breed. Amee Blue Jeans. He is blue and fourteen months. I suppose I asked some silly questions but I don't know my breed of dogs, she said she didn't know so much two years ago but finds it very fascinating. In Edmonton for the dog show were Mr. and Mrs. E. Stattyn and Mr. and Mrs. D. Campbell of Calgary. Sunday they drove out to visit Mr. and Mrs. Vance.

Saturday night George Lawley had the misfortune of cutting his left hand very badly with the power saw in his basement. He has lost one finger, four others are badly cut and chopped from hitting the saw, so there is lots of bandage. Thanks to the quick response to Bud Lenz when I phoned for help, George was soon on the way to Stony Plain Hospital then on to Edmonton for further medical care. My call for help was also answered by Mr. Jim Millar and John Dusz. Then to help me over the worry while waiting for news, Mrs. Agnes Millar came to spend Saturday evening. Sunday evening Mrs. Janet Hauser and children came. Thank-you good people.

The Group Committee for the Boy Scouts and Cubs and Brownies had a meeting and election of officers for the coming season. Chairman is Mrs. Elsie Thorburn; Vice-Chairman is Mrs. Myrtle Carlson; Secretary-Treasurer is Mrs. Lorraine Greaney; and Chaplan Mr. Jim Millar.

Brownies are having their first meeting on Monday, October 4th with Mrs. Strand of Seba Beach and Mrs. Eileen Lenz as leaders.

Scouts and Cubs have their first meeting on Tuesday, October 5th with Wayne Lenz leader of the Boy Scouts and Colin Thorburn leader of the Boy Cubs group.

The Gainford Group Committee will be hosting the Pembina District Council of Scouts and Cubs for their annual supper and meeting on Thursday, October 28.

The boys of Gainford Scouts and Cubs want to thank residents of the district for their support and co-operation in their bottle drive on Saturday, September 25.

"Sundown" - Miss McNamee's regular riding horse had the misfortune of snagging his chest on twigs or something while she was helping her father with rounding-up of cattle or horses at the community pasture last week, so Miss McNamee was not able to take Sundown to the competitions of the International Horse Show at the Agridome in Vancouver. Therefore, Mr. and Mrs. McNamee and Miss Sandy McNamee wish to thank members and riders of the Redigo Ranch, west of Horen corner for helping her get a horse for the show. She rode Ko-Ko who belongs to Ronnie Reich of Tomahawk. She and Ko-Ko came in 6th place out of the top ten riders across Canada.

So much of my news this week is on the gloomy side; maybe this will bring a smile.

Wife who is reading a magazine says, "This magazine says most accidents happen in the kitchen."

Hubby replies: "I know - I have to eat them and pretend I liked them."

ALDER FLATS NEWS

The community was deeply saddened Thursday with the untimely death of prominent resident of this Hamlet, Ken Hayduk, who was accidently shot while bird hunting several miles west of the Flats. A search started Wednesday evening when Ken didn't return from hunting and he was found dead early Thursday morning. Ken will be greatly missed in this community as he was always active in all community projects with his help and support, and took great interest in the young people, as youth director and his keen interest and leadership of hockey. Our deepest sympathy goes out to his wife Joyce and their four children, Greg, Terry, Donald and Lorie, and to all the other relatives. The funeral will take place at the community hall on Tuesday at 2:00 p.m. It is Joyce's wish in lieu of flowers donations could be made to the Alder Flats School Band Fund. Donations can be left at Mrs. Dunn's or Mrs. Blades.

Supper guests at the Dale Sargeants on September 16th were Ruth Lindman and Emily Kalyn from Buck Lake September 25th visitors were Mr. and Mrs. Ivan Sargeant and Mr. and Mrs. Warren Sargeant of Lacombe. On Saturday and Sargeants visited both their parents at Lacombe and took in the Lacombe rodeo. Sunday the Sargeants had as dinner guests Lyle and Linda Sargeant and family of Lindale, Stan Hickey and Evan Liddell of Red Deer. Supper guests were Nesbitt and Terry Sargeant of Rimbey and Parker Sargeant and Sylvia of Lacombe.

Bill and Marie Pye recently received a letter from Bill's brother Gordon, also a telephone call last Saturday night when the Pye children enjoyed a short phone visit with their young cousin. Gordon is now in Quesnel, B.C. employed as a millrite, also living in Quesnel are Keith and L. Lisk who are former residents of Alder Flats.

A bridal shower in honor of Rita Melin was held in the community hall Monday evening, October 4th with about thirty ladies present. Mrs. Abbott of Winfield entertained the ladies with games. Janice and Penny Melin, sisters of the bride-to-be helped open the gifts and Janice Melin (a cousin) recorded them. Lorretta Hare and Brenda Maclean decorated the brides hat. Nellie Hare, Marie Melin and Bev Maclean were hostesses for the occasion.

A lovely shower has held for Betty Nash (nee Olsen) on Friday evening at the community hall. There were about twenty ladies in attendance. Yvette Habecost assisted Betty and recorded the gifts. Hostesses for the evening were Shirley Shanks, Helen Haggart and Lorainne Moore. Betty was married in Calgary September 24th to Richard Nash. Congratulations to the newly-wed couple.

Mr. and Mrs. Andrew Larson of Wetaskiwin and Mrs. Agnes Payne and Blaine of Calgary were Sunday to Wednesday visitors at the Lars Larsons. They all went out to Camrose including the Lars Larsons to celebrate Grandma Larson's birthday. We would like to extend our belated birthday greetings to Grandma Larson.

Visiting at the Scotty Hare home for a few days are Scotty's brother, Harry and nephew Albert Hare from Saskatchewan. They arrived Friday evening.

Congratulations to Jackie and Benny Chapchuk on the birth of a daughter, September 27th at the Drayton Valley Hospital.

Frank Grant is a patient in an Edmonton Hospital under-going surgery on his back. We wish him a speedy recovery.

The bingo and awards night has been postponed until possibly next week.

Still Seek Recruits

To all Air Cadets there will be cadets as usual this Thursday at 7:00 p.m.

Last week there were two lectures given. The one the boys seemed to enjoy most was about small arms training.

In the very near future each cadet will be given 45 minutes actual flying time over Drayton Valley and area.

To all boys, 13 years and over, who would still like to join, come to the Frank Maddock High School Thursday, at 7:00 p.m. All interested are welcome.

Nobody is sicker than the fellow who is sick on his day off.

MARSH WORLD

by ANGUS SHORTT
Ducks Unlimited

RED-NECKED GREBE

This grebe prefers the borders of freshwater lakes and marshes where stands of bulrush are found. It is distinguished by its black crown, white cheeks and rusty-red neck. Like all grebes its legs are so far back that it has difficulty walking and waddles awkwardly onto the eggs, after jumping onto the nest from the water. Nest — a wet floating platform of marsh debris, anchored to reeds, occasionally on a muskrat house. It feeds on small fish, crustaceans and aquatic insects.

Warble Control

Cattle grubs, the larvae of warble flies, are among the most harmful parasites of cattle. Calves that are severely infested may die. Grubs may seriously affect health and productivity in any infested animal untreated.

The only effective control is to kill the grub in the animals body. Treating the cattle with systemic insecticide kills the grubs before they do much damage or form warbles. These insecticides also kill a few other inernal and external parasites of cattle.

All non-lactating cattle may be treated before November 30 with a systemic Pour-On to prevent warbles infestation. Cattle presently milking can be teated in the spring with Rotenone wash.

The County of Parkland is a Warble Control Area, therefore your cattle will be subject to inspection. Approved insecticides are available at the County offices in Stony Plain and Drayton Valley. Also at Sekura Auctions in Drayton Valley, Dan Schadeck, Tomahawk and Mair Feed, Stony Plain and for the convenience of eastern cattle owners at Spruce Grove Feed in Spruce Grove.
